

Share the Health, Share the Wealth

with the New AMGeneX DNA Share Pack Promotion

Success Tips:

- Use the introduction of the AMGeneX DNA to sign up a customer on Auto-Ship – or better yet, enroll as a new Business Associate.
- Share a sachet of AMGeneX DNA and a postcard with your hairdresser, mechanic, dentist, banker or anyone you meet. Make sure follow up and ask how they like it.
- Raffle the second box of AMGeneX DNA at your next meeting.
- When doing a product demonstration with a prospect at a meeting (strength test, wine test, lemon test, etc.), give the prospect a sachet or two for volunteering to be part of the demonstration.
- Reward the second box of AMGeneX DNA as a prize to the BA on your team who enrolls the most people into their organization in one month.
- Give the gift of wellness. The second box of AMGeneX DNA makes a great gift for someone that you know will benefit from taking it.
- Sell the second box as a retail item.
- Use the second box as a gift for enrolling as a new Business Associate.
- Order a glass of water to drink at lunch or dinner with a friend instead of a soda. Pour AMGeneX DNA into your glass and share another sachet with your friend. Give your friend the postcard.
- Create a package for your close friends and associates announcing the launch of your new Amega business and the product you are promoting. In that package include the AMGeneX DNA and the postcard. Write a personal letter introducing them to your business and tell them you will call them in a couple of days to ask them what they think about the product and your decision to be part of this company. Be ready to sign them up.
- Keep 1 or 2 postcards with samples on hand at all times. When you meet people in line at the department or grocery store and strike up a conversation, share the sample and postcard with them. Make sure to also get their phone number so you can follow up with them in a couple of days and ask how they liked it.
